

CHAPTER NEWSLETTER 7/6/2016

Next Chapter Meeting: Tues., August 16 , Cabela's, 7:00 P.M.

Search The Link below to read about a success story with Bobwhite quail. Albeit relatively small in the grand scheme of things, this success story is now available to the tens (actually hundreds) of thousands of people who visit *The Parklands of Floyd's Fork* annually. Although not mentioned in the article, there are also quail in the area of the Parklands called *The Strand*. Probably other areas as well. The more people we have advocating for quail, the better.

"Thank you" to Tony Cissell and Jeff Braun (Green River QF Chapter) for volunteering to help with the "pointing dog demo" we presented to the kids and parents who attended the Kentuckiana Safari Club Chapter Apprentice Hunter Program on August 6. Great program, very well organized. If your kids missed it, you ought to sign them up for event next year.

Honda Rancher ATV your chapter donated to Yellowbank W.M.A. is in use. Ryan Taylor, W.M.A. Manager, sent the following: "...greatly appreciate your donations to help enhance habitat and hunting opportunities on the W.M.A. The ATV will be used for spraying herbicides, spreading seed, prescribed fires, wildlife surveys, checking fields/units for habitat management, cutting trees from roadways, maintenance of hiking trails, administering dove/pheasant hunts on W.M.A., marking property boundaries, and will be used by law enforcement on W.M.A. for special occasions. ...I hope to leave this W.M.A. in better shape for all wildlife species than when I came here in 2008."

QF Youth Event jointly sponsored by your QF Chapter and the QF Kentuckiana Youth Chapter will be held on Oct. 1. Get your kids signed up now. The flyer promoting this event was sent under separate cover. Get your friends and neighbors signed up as well.

Sign-up Dates for Quail Quota Hunts and Pheasant "put and take" hunts are Sep. 1 thru Sep. 30. Check the 2016 - 2017 Hunting regs or go on-line at www.fw.ky.gov to get the details for entering the lottery draw for these events. Printed regulations are available thru Wal-Mart, sporting goods stores, and most firearms dealers.

H.I.P. Confirmation Number is **required for you to legally hunt** dove or other migratory birds in KY this year. You can complete the required survey and obtain your confirmation number in two ways. Call 1 800 858 1549 or go to KDFWR home page at www.fw.ky.gov and click on the "My Profile" tab.

Guest Speakers are welcomed at our meetings. Got an idea for a topic or speaker? Come to the next meeting and let us know what speakers/topics are of interest to you. We can set it up.

Chapter-owned Sprayer is available to all Chapter members for doing habitat improvement work on private property. Contact Jack Dahl at 552 8424 to make arrangements for pick-up up in Simpsonville. Make plans now for Fall spraying.

Dog Training Area at Taylorsville Lake WMA will be open on August 15 per KDFWR regulations. "Thank you" to Dennis Ballard who spent 6 hours in 90 degree temps preparing two of the five fields that are now suitable for running your dogs. Dennis will organize a "work day" to get the rest of the area prepared. Please respond to his call for help when the notice is sent out. Mowing, weed-eating, adding gravel to the parking area are on the list of things to do.

Chapter member Bill Guenther invites all members to be a part of Fall Adventure Camp to be held at Camp Crooked Creek near Bernheim Forest. Sep. 19 – 23. A.C. draws between 500-600 students (including a large # of special needs children) per day for a variety of activities— canoeing, fishing, target shooting, archery, and more. Volunteers are needed. Give Bill a call at 491 8995 or e-mail guenthb@bellsouth.net.

See Our Web Site for Chapter-related info and a variety of new photos which are added periodically. www.qfcommonwealth.org You will also find links to other web sites that may be of interest to you.

Everyone needs a pool in this heat!!

Ira Hammack is having cole slaw tonight

Preparing Dog Training Area

Looking for stripers on Cumberland River
90 degrees on land—72 degrees over
55 degree water—beat the heat!!

Dennis Ballard found one!!!! 20 lbs.

Bow made of PVC tube and twine.
Formed with a heat gun
35 lb pull hits a 9" pie plate at 25 yards
Made by a creative kid who does
not hunt or shoot archery

New tools for scouting deer and turkey.
I wonder if this would be legal.
